Professional Summary

Computer Science undergraduate at **Vellore Institute of Technology Bhopal (Class of 2027)** with experience in **Python, machine learning workflows, and scalable software systems**. Skilled in building data pipelines, automating workflows, and developing AI-driven applications. Experienced with **cloud services, REST APIs, and ML experimentation pipelines**. Interested in **ML infrastructure, MLOps, and scalable training systems for AI models**.

Professional Experience

Edunet Foundation | *Technical Intern*

Jan - March 2025

- Analyzed user interaction datasets using Excel and dashboards, improving workflow efficiency by 25%.
- Automated reporting pipelines using Node.js and AWS services, reducing manual reporting effort by 40%.
- Developed structured technical documentation for REST APIs and system designs, improving team productivity and onboarding efficiency.

Projects

Legacy of Time | <https://legacyoftimes.netlify.app/>

Dec 2025

- Developed an interactive 3D educational platform using React.js, JavaScript, HTML, and CSS
- Built a modular UI architecture, improving scalability and maintainability

Bhopal Crime Heat Map | <https://tinyurl.com/yucyunzp>

Jan 2025

- Designed an interactive crime visualization dashboard using Figma and data visualization principles
- Improved data clarity and usability using a structured visual hierarchy

Disney Dream Vault | <https://tinyurl.com/e68f8hxt>

Dec 2024

- Designed an immersive 3D mobile application interface using Figma, emphasizing user experience and visual appeal
- Developed a scalable design system and reusable UI elements to ensure consistency across the application

Education

Vellore Institute of Technology (Bhopal) | *Bachelor of Technology, Computer Science Engineering*

May 2027

Skills

- **Programming Languages:** Java, Python, JavaScript
- **MLOps & Infrastructure:** Docker, AWS, Git, CI/CD, REST APIs
- **Statistical & Analytical Skills:** A/B Testing, Hypothesis Testing, Retention Analysis, Engagement Metrics, Data Cleaning
- **Data & Analytics:** Excel, Power BI, Data Visualization, Dashboard Development
- **Machine Learning & Data:** PyTorch, Machine Learning Pipelines, Data Processing, Model Evaluation, Experimentation
- **Software Development:** React.js, Node.js, Next.js, System Design, Distributed Systems Fundamentals

Certificates

- | | |
|--|----------|
| • Foundation of Project Management | Coursera |
| • Google IT Professional Certification | Google |
| • SAP certified Solution Architect Certification | SAP |
| • SAP certified Developer Certification | SAP |
| • Applied Machine Learning | Coursera |

Position Of Responsibility

Innovator's Club (VIT Bhopal) | *Founder & President*

- Led technical projects in web development and artificial intelligence. Organized workshops and innovation programs to foster 500+ student

VIT Bhopal | *Student Coordinator*

- Managed logistics and coordination for ADVITYA Fest 2024, overseeing participation of over 8,000+ students.

IIT Delhi & IIT Bombay | *Campus Ambassador*

- Promoted campus events and facilitated student engagement initiatives for IIT Delhi and IIT Bombay.

Additional Information

- Fluent in English (written and verbal)
- Basic knowledge of **Japanese Language**
